

FOR IMMEDIATE RELEASE

TSI RECEIVES SUBCONTRACT TO SUPPORT MARINE CORPS VEHICLE PROGRAMS AS PART OF DAVIS DEFENSE GROUP AWARD

Arlington, VA - July 20, 2015 -Transformation Systems, Inc. announced today that it was awarded a subcontract as part of the Davis Defense Group team. The team was awarded the Acquisition, Logistics and Administration support contract for the Program Executive Office Land Systems (PEO LS), Program Manager, Advanced Amphibious Assault (PM AAA) and Program Manager, Mine Resistant Ambush Protected (PM MRAP) programs.

The PM AAA and PM MRAP programs are responsible for planning, coordinating, and executing comprehensive acquisition strategies, policy development for respective areas of interest, and analysis of their program portfolios inclusive of product support for the Marine Corps acquisition programs and fielded assets. The Programs' on-going initiatives require expert knowledge of acquisition and sustainment for all levels of Acquisition Category (ACAT) programs. Comprehensive knowledge and experience in providing senior leadership, expertise, oversight, verification, validation, and evaluation support, to ensure effective management support, is critical in meeting the mission of the Marine Corps.

The subcontract covers a wide range of program support services including acquisition policy and program documentation, program analysis, acquisition logistics management support, strategic planning, and workforce development activities.

About Transformation Systems, Inc.

Transformation Systems, Inc. (TSI) is an executive strategies and management systems engineering firm committed to helping customers work leaner, faster, smarter, and better. TSI's multi-disciplinary experts help customers boost efficiency, effectiveness, quality, productivity and savings. The TSI team has been recognized repeatedly for helping set historic records as part of the Defense community's counter-IED effort within the Joint MRAP Vehicle Program and by the Naval Sea Systems Command for facilitating successful technology transitions such as ERP. When leaders must improve enterprise performance without increasing their budgets, they call TSI for solutions that increase productivity and save money.
