

FOR IMMEDIATE RELEASE

**TRANSFORMATION SYSTEMS, INC. AWARDED SUBCONTRACT FROM CATMEDIA
TO COACH FOR THE FEDERAL EXECUTIVE INSTITUTE**

ARLINGTON, VA - July 10, 2015—Transformation Systems, Inc. (TSI) today announced it has been awarded a subcontract through CATMEDIA to provide coaching at the Federal Executive Institute (FEI), which helps senior government leaders improve the performance of their organizations.

A residential center of the Office of Personnel Management (OPM), FEI strives to help Senior Executive Service and GS-15 executives learn to better serve the people of the United States in accordance with the Constitution, build networks with other senior executives across the government, gain insights that will improve leadership performance, and establish a leadership legacy that supports the organization's mission for years to come.

TSI will provide executive coaching for participants in the Leadership for a Democratic Society (LDS) course at FEI, a course designed to build skills in personal leadership and provide insights into organizational theory, the policy framework in which Government leadership occurs, and the broad global trends and events that shape government agendas.

This effort will be directed by Dr. Sharon Flinder, TSI's Executive Coaching Practice Leader. Dr. Flinder is an industrial-organizational psychologist and a board certified coach. About the new contract Dr. Flinder stated, "We are honored to be part of the CATMEDIA team and help Federal leaders achieve their bold goals for themselves and their organizations."

About Transformation Systems, Inc.

Transformation Systems, Inc. (TSI) is an executive strategies and management systems engineering firm committed to helping customers work leaner, faster, smarter, and better. TSI's multi-disciplinary experts help customers boost efficiency, effectiveness, quality, productivity and savings. The TSI team has been recognized repeatedly for helping set historic records as part of the Defense community's counter-IED effort within the Joint MRAP Vehicle Program and by the Naval Sea Systems Command for facilitating successful technology transitions such as ERP. When leaders must improve enterprise performance without increasing their budgets, they call TSI for solutions that increase productivity and save money.
