

TSI Ranks on the Inc. 5000 List for the 5th Consecutive Year

NEW YORK, August 22, 2013 -- *Inc.* magazine today ranked Transformation Systems number 4,620 on its seventh annual Inc. 500|5000, an exclusive ranking of the nation's fastest-growing private companies. The list represents the most comprehensive look at an important segment of the economy—America's private companies. This marks TSI's fifth consecutive year on the list. Fuhu tops this year's list. TSI joins Living Social, Livestream, Otterbox, Trulia, and Charming Charlie among other prominent brands featured on this year's list.

TSI CEO Marta Wilson commented on the ranking, "At TSI, our corporate culture, leadership philosophy, industry reputation and regional presence support all stakeholders as we drive steady and sustainable growth. The TSI team knows that our growth and success have one source – satisfied customers who trust TSI's solutions to help them achieve their bold goals."

In a stagnant economic environment, median growth rate of 2013 Inc. 500|5000 companies remains an impressive 97 percent. The companies on this year's list report having created over 400,000 jobs in the past three years, and aggregate revenue among the honorees reached \$299 billion.

Complete results of the Inc. 5000, including company profiles can be found at www.inc.com/inc5000.

About Transformation Systems, Inc.

TSI is a fast growth management systems engineering company of PhDs, possibility thinkers and business authors who help forward thinking military and civilian leaders within the Defense community achieve their extremely challenging goals in ways that are most efficient, effective and responsive. The TSI team has been recognized repeatedly for helping set historic records as part of the Defense community's counter-IED effort within the Joint MRAP Vehicle Program and by the Naval Sea Systems Command for facilitating successful technology transitions such as ERP. When leaders must improve enterprise performance without increasing their budgets, they call TSI for management systems engineering solutions that increase productivity and save money.
