

The Digital VIEW

Visualize & Integrate Elements of your Workforce

Transformation Systems, Inc.

DO YOU REQUIRE A CLEAR VIEW FROM THE BRIDGE?

TSI's Digital VIEW takes human capital data visualization to a new level. The Digital VIEW is filled with information that enables workforce leaders, supervisors, and employees to architect and build a human capital strategy that integrates people, processes, and products. Our team of data viz experts create portrayals needed for critical thinking about past, current, and future workforce scenarios. To communicate information clearly and efficiently, the Digital VIEW uses analytics, trends, statistics, graphics, plots, videos, and other tools to help teams define required results and actions to be taken across all phases of the human capital management cycle. The Digital VIEW package (which can be tailored) includes:

KICKOFF

- Executive Kickoff Summit
- Human Capital System Assessment
- Digital Visibility Room Launch
- Program Participant Comms

DESIGN SESSIONS
